Re: Rudex Broadcasting Limited Corp.
KSDT(AM), Hemet, California
Facility Identification Number: 36830
File Number: BP-20100608ADF

Dear Applicant:

This letter refers to the above-captioned application for a minor modification of station KSDT(AM) to change community of license from Hemet, California to Loma Linda, California.

An engineering review of the application reveals that the proposed daytime operation would create groundwave contours overlap to first-adjacent channel stations KWKW(AM), Los Angeles, California, KIQQ(AM), Barstow, California, and third-adjacent channel station KKDD(AM), San Bernardino, California, in violation of 47 CFR § 73.37(a). (See attached exhibit).

In addition, pursuant to 47 U.S.C. § 307(b), we are required to determine whether the relocation of a facility to another community will "provide a fair, efficient and equitable distribution of radio service...." We have always required a showing under § 307(b) from AM stations applicants that are proposing, *inter alia*, a change in community of license. See, e.g., *Implementation of Section 309(j) of the Communications Act – Competitive Bidding for Commercial Broadcast and Instructional Television Fixed Service Licenses*, 13 FCC Rcd 15920, 15964 (1998); *North Texas Radio, Inc.*, 11 FCC Rcd 8531, 8536 (1996). In order to make the determination required by § 307(b), we will need a showing regarding the merits of locating the station in the new community as opposed to the former community of license. Therefore, please provide us with information regarding the proposed and current communities of license sufficient to enable us to make a §307(b) determination, including the following: (1) the number of stations licensed to the communities; (2) the number of stations providing protected service to the communities; (3) the populations (according to 1990 Census data) of the communities; and (4) a description of the civic, cultural, religious, social, and commercial attributes of the

communities.

Accordingly, further action on the subject application will be withheld for a period of thirty (30) days from the date of this letter to provide you an opportunity to submit an amendment. Failure to amend or respond within this time period will result in the dismissal of the application pursuant to Section 73.3568. Please note that any amendment must be submitted in the same manner as the original application.

Sincerely,
